

The Spiritual Practice of Conscious Giving is an invitation to deepen our connection with Spirit and know that Its infinite good is already within us; to give with an open, joyful, loving heart; and grow by stretching our consciousness in the arena of giving.

"There is an Infinite Law of the Spirit, or Law of Life, which tends to multiply our gifts, because in so doing It multiplies Its own experience, Its own pleasure, Its own fruition." This quote reminds us that, in giving, we are avenues of Divine distribution, and Spirit experiences the fruits of Its givingness through us. How wonderful is that!

We do not give because God needs the gift, but because the giving increases, broadens and deepens the life of the giver. Nor shall we give from the standpoint of duty. The Universe refuses to bargain with us. It has already given us everything It has. But it also has provided that the gift be received in this fullness only as it flows through us to the fullness of others."

Message from your Board

The last two years here at The Center have brought many challenges and many opportunities to rethink how we do things. Our Leadership has worked hard to examine all facets of our budget and has successfully made cuts of almost \$20,000. These cuts and vendor examinations have led to better service and slightly lower overhead costs. We are grateful for all who contribute to the financial well-being and especially those who tithe as that is income we count on to keep the Center open.

As we begin a new fiscal year and need to draw up a budget, we realize that we **need an additional \$2,000 a month** to remain a stable fiscally responsible organization. Although we are a nonprofit organization we still have to cover our operating costs and we all know how expensive things have gotten.

Currently, 78 of our 105 registered members give on a regular basis. There are an additional 30, non-members who also give regularly. In doing the math if each of us could give a little more, our goal of \$2,000 more per month, would be quickly reached.

If those who do not currently give regularly would make even a small commitment the goal would be even easier and all of us, under The Law of Prosperity, would gain.

WE are strong, committed, and prosperous.

What are you able and willing to do to keep us moving forward?

How to Participate;

1. In prayerful consideration decide how and how much you are willing to tithe.
2. If needed, do not hesitate to gain wisdom and/or perspective from a Practitioner or prayer partner
3. Make a commitment to first your own prosperity for the year and then The Center's
4. Fill out the Pledge card and return it to any Board member, Sudra or Nancy for processing.
5. Enjoy the ensuing prosperity!

If you already tithe, this is an opportunity for you to increase your current tithing amount. What you pledge will be in addition to your current tithe.

You do not need to be a member of CSL to participate. It is encouraged that since you are already reaping what you sow, that actually joining us might be of value to you. Pick up a membership application from the Greeters' table, complete and return it to the Office. You will be notified of a time to meet with the Membership coordinator. There are no dues or fees for membership.
